### ALLEN COMPANY SCORES.

Repeats Its Previous Successes in "A Fair Rebel."

It rained merrily last night but not enough to deter the people from flocking to see the Allen Stock company in "A Fair Rebel." The longer the company is in town, the bigger the houses it draws, and there could be no more convincing proof of popularity.

Last night's play, as are all the others on the program, is admirably adapted to give each of the performers an opportunity to display ability, a fact that is fully taken advantage of by all the members of the company. As usual with Mr. Allen's productions the play went through without a hitch from curtain to curtain.

Little Verna Felton is becoming more and more of a favorite with Astoria audiences, and her excellent work last night certainly justified all the praise that has been accorded her.

The matinee today and the final performance tonight are sure to draw packed houses, as there will be excellent specialties in addition to good plays.

"A Black Heifer," one of the most amusing comedies on the stage, is the bill for this evening, and the event of the play, apart from that of the company should ensure a bumper house.

## To Construct Big Hatchery

Bids Soon To Be Called For By State Fish Warden Van Dusen.

Bids for the construction of the largest hatchery under one roof in the world will be called for by Fish Warden Van Dusen in a day or two. The hatchery is to be put up at Ontario on the Snake river, and the plans which have been drawn by Architect Delos D. Neet of Portland, provide every convenience for the proper carrying on of the work of breeding the fish upon which no small part of Clatsop county's interests depend.

The building will be 217 feet in length and 62 feet in width, with a capacity of 320 troughs, and will be operated as a rule to care for 20,000,000 young fish, but in case of a larger number being required 40,000,000 eggs can be hatched without overcrowding. This will render the Ontario hatchery the largest in the world, all the eggs and fry being handled under one roof.

Superintendent Frank C. Brown will have charge of the hatchery, which is a guarantee that it will be run in the most satisfactory manner.

### ARTISTIC PIANO RECITAL.

A piano recital was given last evening at the home of Mrs. Louise Fox by the pupils of her daughter, Miss Laura Fox. There were a large number of friends and relatives of the students present and one and all enjoyed a rich musical treat. Miss Fox has won for herself as instructor an enviable reputation and the work last evening ably demonstrated her superior training. The pleasure of the occasion was added to by light refreshments being served. Following is the program:

### EXCITING HOSE TEAM RACE.

Question of Supremacy Settled Last Evening In The East End.

An exciting hose team race took place last evening between the Astoria hose team and the team made up of the boys of the east end. There has been a sharp rivalry existing between the two aggregations for honors since the hose team craze has dominated things, and last evening they met to settle the title of supremacy. The race was pulled off in the east end, and the east enders lost by a difference of two seconds. The distance covered by the hydrant was 150 yards and 250 feet of hose was thrown out. The Astoria team covered the distance in 45 seconds while their friends, the enemy, came in exactly two seconds later. Following is the make up of the winning team in their order:

Al Minard, M. Knutsen, W. Painter, G. Allen, George Malar, J. Kinkela, O. Gramms, J. Wedel, J. Corneo, C. Stillwright.

The timekeepers were R. C. F. Astbury and Geo. Morton and Joe Phillips and Adolph Minard did good service as cart men. Fred Brown Jr. was also there and his valuable coaching was a conspicuous factor in the success of his men.

### CHOICE PHOTOGRAPHIC VIEWS.

Rev. L. J. Trumbull has a number of handsome photographic views of local points of interest taken by himself. Mr. Trumbull is an old time photographer and the pictures he has produced are of high order. His insistent friends have compelled him to re-enter the business on a small scale.

### PERJURY TRIALS ARE SET FOR JULY 15TH

Smith Case First, to Be Followed Immediately by Bock—Both Plead Not Guilty.

Plea of "not guilty" to the charge of perjury were entered in the circuit court yesterday by Bock and Smith, and Smith's trial was set for July 15, Bock's to begin immediately after the conclusion of his fellow prisoner's.

Attorney George Noland, who appeared for the defense, asked that the trial be postponed until the September term of court, but Judge McBride overruled the motion, remarking that the defense would have ample time in which to bring witnesses from California or secure depositions. Judge McBride was also of the opinion that the defendants could secure a fair trial in Clatsop county.

Attorney Noland is appearing temporarily for the defendants, but will represent them throughout the case if the necessary funds for the defense are forthcoming. An Oakland lawyer, W. J. Donovan, has also been engaged.

### THEATRICAL PEOPLE AND THEIR DISABLED COMRADE

Proceeds of Ball Game Go to Herbert Clarke, Actor, Now in St. Mary's Hospital.

Herbert Clarke, the member of the Allen Stock company now in St. Mary's hospital, is to be the beneficiary of the ball game played yesterday by the boys of the profession. The sum of \$17 was taken at the gate, and this will be turned over to Clarke, who may, it is feared become blind.

The game was at first proposed with the idea of swelling Astoria's relief fund for Heppner, but as the serious nature of Mr. Clarke's illness became apparent it was thought more fitting to devote the amount realized to his service, and it will be conceded by all that the action is appropriate.

Not content with their success at the benefit entertainment in the opera house, the theatrical folk in town planned yesterday's ball game to still further increase their contributions to the good cause. The members of the Allen company lined up against a team from the Unique theater and from the Quaker doctors, and the greatest credit is due to the managers of the respective organizations as well as to the individual performers.

Headed by the band, which made a gallant but ineffectual attempt to keep up the music as they started the ascent of the hill, the teams proceeded to the grounds. That the game was a success was testified to by the roars of laughter from the grandstand. The score, which was 24 to 17 in favor of the Allens, was but an incident in the game, for the fact was amply demonstrated that the theatrical people in town, whether or not they can play professional ball, have their hearts in the right place.

### AT TODAY'S MATINEE.

"The Real Lord Lenox" is the play to be produced at the matinee today, and it is without doubt the finest play in the Allen company's repertoire. It has a good story and the comedy is the best ever. It is especially adapted to suit the ladies and children. Little Verna Felton has a part that suits her exactly. It is a play that all mothers should see, and those who miss this excellent drama will miss a treat. Prices for the matinee will be 15 and 25 cents. "A Black Heifer," which is the bill for tonight, is a very fine comedy and is brim full of high class specialties. The fun is fast and furious from the time the curtain rises for the first act to its final fall on the last.

Diplomas were received by many pupils in the convent of the Holy Names yesterday, the courses of the year having been completed. The grammar grades had graduates, the stenographic course was finished by some pupils, and the young musicians of the school in an excellently rendered program showed in the most practical way the good training that they had received.

The prizes won at euche were, Mrs. Horace Thing, first; Mrs. George C. Flay, second; Mrs. Wilken sen, consolation.

### MARKS HAD NO MARKS.

John Marks, arrested by Deputy Fish Warden Webster for non-compliance with the law requiring boats and nets to be plainly marked with the proper number, will have a hearing before Justice Goodman today.

Prospects of a record breaking excursion to Seaside on July 4 are bright, as practically every store in the city will be closed. Arrangements are being made for the grocers to keep open later than usual on July 3, so as to accommodate those desiring to lay in provisions for the Fourth.

The Unique theater was packed to the doors last night as usual. The feature of the show is a side-splitting comedy by Leon Errol, entitled "Blue Grass, or Kill 'em Quick." The big audience fairly howled when Mr. Errol dealt out his last prescription, known as "Blue Grass." When the doctor pulls the tooth out, and he and his student sit on the patient, it is discovered that they have pulled out the wrong tooth, and the audience is fairly convulsed with laughter. The performance will be repeated this evening.
